

About Monica Lynne Photography

With more than 10 years of experience in professional portrait photography, Monica Lynne Photography brings you the highest quality photography service at the most affordable price.

Owner, Monica Lahr, is the lead photographer; however, her entire staff is dedicated to giving you the most relaxed and enjoyable photo shoot possible.

On the day of your photo shoot, A ML Photo Photographer will arrive at your studio about 30 minutes prior to your scheduled shoot. Each of your dancers will get an appointment to have photos taken in each of her costumes in several poses. We'll schedule times for classes and if time permits, dancers may have photos taken with their friends or family members.

Photos will be online within one week of your photo day when parents, grandparents and other family members may view and order portraits. Monica Lynne Photography offers packages that start at \$13 for one pose and \$30 for two poses. All package pricing is available for 30 days after your photo shoot. Plus, all photos are available a la carte and no package purchase is required. Photos are ready to pick up within one week of order.

Plus, when you allow Monica Lynne Photography to take your individual and class dance photos, we'll come to your recital and take live shots that will be available for purchase within one week of your recital.

Do you have more questions? Just give us a call! We'll be happy to give you all the information you need to have a great photo shoot at your studio.
